To be returned to the office with Application Form for Transcripts / Recommendations / Testimonials

Application for Transcripts / Recommendations / Testimonials

All students, with the exception of S6 requesting transcripts, recommendation letters and testimonials, must ask their parents to write a letter to school stating the reasons for application. If the request is justified, the student will be asked to collect an application form from the Office. S6 students can simply obtain an application form from Mrs. Alice Lai at the Office.

Please note that neither the Principal nor the teaching staff will provide students who intend to transfer to another local school with recommendations. Our school expects our students to complete all the six years of their secondary education at Marymount.

Students must supply information about themselves and the details concerning the application on the form. **If the student requires a teacher recommendation, she must first make a request to the teacher and seek her / his approval before putting her / his name down on the form.**

On completing the form, the student should return it to Mrs. Alice Lai at the Office and pay the fees for processing the application. In addition, the student will have to pay for any postage involved in advance.
